Geographical Restrictions

It is the parent/guardian/student's responsibility to ensure that each program that they sign up for is geographically within AFSI's serviceable radius. If a student wishes to be picked up outside of AFSI's reachable radius, then he/she must consult AFSI. An additional charge may be incurred for the additional traveling expenses, and that charge will be determined by AFSI, in its sole discretion, on a case-by-case basis.

If the student does not notify AFSI in due time, he/she will be subject to a \$30 PER HOUR re-booking fee. Last minute cancellations on behalf of the student are subject to lesson forfeiture. Due to unforeseen circumstances such as traffic, construction or emergency the Driving Instructor may arrive late for the scheduled driving lesson. The Driving Instructor might also have an illness or sudden emergency and, therefore, might have to reschedule a driving lesson appointment day of. Keep in mind that if arriving late, the Driving Instructor will still conduct the driving lesson at an appropriate length determined by the Driving Instructor. Any lesson shortened from the scheduled time will be made up in the form of extended or additional lessons. AFSI will promptly notify the student as soon as possible when any of these circumstances arise, and the student will not be charged to reschedule the lesson. AFSI also reserves the right, in its sole discretion, to reschedule the students' lessons if there is insufficient enrollment for a particular classroom or workshop session.

Scheduling Policy

Once registration and payment is processed, AFSI will provide a schedule for the appropriate plan, package, bundle, class, test or program within a reasonable period of time directly to the sponsor/parent and/or student as provided in the registration. A reasonable period of time is defined as the current average time to schedule based on the current volume of students in the geographic area of the student. While this is typically 2-4 days, periods of heavy registration volume may exceed this time. In this case we will typically make contact by any means provided in the registration to update the contact person(s) that they have been added to the scheduling queue in order of registration. In times of heavy registration, we will attempt to get initial lessons started. The maximum period to contact and schedule is not to exceed 14 days to schedule all or part of the required elements. Some programs are designed to extend over a period of time and may require some steps completed prior to the scheduling the next step(s). Our registration team will attempt to make at least 3 contact(s) by phone, email and/or text to any or all of the contact information provided at registration. AFSI will make every attempt to accommodate every student's needs in scheduling. *If there is an impending deadline for a student, it is expected that the sponsor/parent and/or student contacts AFSI in advance to confirm the deadline.* We will make accommodations for students that have immediate needs in going away to college, the military or residency changes as well as sports and activities schedules.

Changing a Pick-Up/Drop-Off Location

The student may change their pick-up and drop-off location, with parental consent, for a behind-the-wheel lesson, but it must be within AFSI's geographical limitations, and must be approved 24 hours before their behind-the-wheel lesson. AFSI has the right, within its sole discretion, to deny any new pick up/drop off location.

Safety Behind the Wheel

AFSI and its Driving Instructors reserve the right to stop a lesson at any time due to the student's reckless and/or careless driving or unsafe conditions. Driving Instructors may take control of the car at any point during a lesson if they feel that the driver is unable to complete the lesson safely. If a lesson has to be discontinued for any of these reasons, the remainder of the lesson will be forfeited.

Vehicles

All AFSI vehicles will be kept up to date with current registration, regular services, tire pressure and all necessary repairs. All necessary safety precautions will be taken before the student gets in an AFSI vehicle for his/her lessons. Should something happen to any AFSI vehicle which affects its safety or mechanical operation immediately prior to and/or during a lesson, AFSI will, at its sole discretion, either reschedule a pro-rated lesson or schedule another lesson at no cost to the student on a case-by-case basis.

Personal Vehicle Use (If requested)

Additional Passengers

The student and/or parent/guardian agrees that multiple students or authorized passengers may be in a car under the supervision of an AFSI Driving Instructor.

Outstanding Fees

All outstanding fees and balances must be paid prior to the start of the next lesson. Students/parents/guardians agree to having their card information stored securely should any fees be incurred throughout their duration of their lesson plan. AFSI reserves the right to postpone scheduled lessons until balance is up to date.

Danger and Damages

Understand that teaching students to drive is dangerous and fluid. The instructor will take every precaution available to keep the student and vehicle safe. However, the student is operating the vehicle and is ultimately responsible for anything that happens. This includes any moving violations, tickets or red light cameras.
